Thanksgiving Offering 2019

The affordable housing shortage in the Holland area has dominated the news and attention of employers, those in the social work field, and concerned citizens for many years and the problem seems to be growing.

This year's Thanksgiving offering will be used to support the ministry of Lakeshore Habitat for

Humanity. Lakeshore Habitat for Humanity is a partnership, home building & home repair Christian ministry serving Ottawa and part of Allegan Counties that has served more than 150 families and 800 individuals since 1990. It is based on the principal that all people deserve a decent place to live and that our community is a better place when that occurs. When Habitat families move from poverty housing into their own homes, they report better health, increased stability in the family, and children who do better in school. Habitat for Humanity is not a give away program. Homes are sold to homeowners who meet income, residency, and need guidelines without profit through an affordable loan paid over 20-25 years. Homeowners also complete "sweat equity" or volunteer hours as part of the partnership. In addition, all prospective Habitat homeowners are required to complete homeowner training sessions prior to closing on their home. Topics include financial management & budgeting, home maintenance, and financial and legal aspects of homeownership.

A few years ago Third Coast Homes was created as a partnership between Good Samaritan Ministries and Lakeshore Habitat. It joins the larger community strategy around affordable housing and begins the hands-on work needed to provide a variety of housing options for the greater Holland community. Both organizations have been on the front lines of addressing our community's housing challenges & each brings unique capabilities to the partnership. The first initiative of Third Coast Homes was an affordable, four-unit, micro-community in Holland Charter Township, just outside the city of Zeeland completed in 2018. Most recently another project has been approved for the west end of 36th Street in Holland.

More information can be found at www.lakeshorehabitat.org. If you are interested in volunteering (building, painting, landscape work, cleaning) Bill Van Auken can help get you connected.
